According to KRÜGER (SPANISH MOROCCO), he was sent to Berlin in disgrace and but for the fact that he is really ill, he would have been sent to the Russian front as a punishment; he is accused of having good ideas but lacking in energy to carry them out and as a result the Germans had several failures in Tangier.

Ministerial director in F. O. / economic expert / may have been attached to German Embassy in Washington for short time / dark haired, mild mannered; nearing 50 / kept in the background perhaps because he did not like Nazi social tone / extraordinary intelligence / obviously knew more about Nazi schemes than one would expect in a man not directly associated with Hitler / not completely trusted by Nazis, had to obtain their permission to visit foreigners in Berlin / involved in economic penetration of Balkans, making deals seem less alarming to Nazi victims / also involved in South American penetration / could be of great use if induced to talk and cooperate.
